

I Will Equip You.

“The native tribal peoples of the earth are crying out to the heavens, ‘Who are you? We want to know you,’ “and I’m going to satisfy them in this day and in this hour. I am appearing to millions upon millions of tribal people, including the tribes of Israel. Hallelujah. And I’ll send you, and there may be times for the time for it has come.

You may wake up in the night and I’ll call you into your prayer room and you will step into your prayer room and suddenly you’ll be somewhere on the other side of the world. And you’ll stand on a platform and you’ll preach a message and you will disappear just like when you came, and you’ll be right back in your prayer room again. Oh that’s an easy thing for Me,” saith the Lord. “I just haven’t had a generation of people that would believe for it. But I not only can do and will do it, I said I would do it. And these are the days that I’ll do it so stay prepared. Stay ready.

Oh yes, I will equip you with all of the equipment. I will equip you with everything it takes. I will equip you with cars, buses and airplanes and trains. I’ll equip you with everything it takes. But I’m not limited to what I have for you in equipment. I will equip you with the Holy Ghost. Hallelujah. Amen. Hallelujah. And like Phillip of old, I can ship you around from meeting to meeting, if I decide to do so. And I’m ready, if I can just find some people that will allow Me to invade their lives to that depth.

For these are the days,” saith the Lord. “We’re going to have more fun than you’ve ever had in your life. We’re going to run together, and we’re going to sing together, and we’re going to preach together, and we’re going to heal the sick together, and we’re going to raise the dead together, and we’re going to see things that other generations tried to see and didn’t get to see them,” saith the Lord. “Oh yeah, we’re going to see things and know things and do things together. Oh it is a marvelous day. I have a quick work,” saith the Lord. “I’m not out of mercy, but I’m out of time. So we’ve got to get it together, get it done and get out. Hallelujah. Oh, hallelujah.”
